

Tentative Program

Sallés Hotel Clutat del Prat 08:30-08:30 Registrations Room 1 08:30-09:25 Distribution of Badges Keynote Forum 09:30-09:55 Sustainable Global Circular Economy for Neoprene Waste Peter Palmer, Circular Flow, UK 10:00-10:25 Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Morning Session: Recycling — Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Limig, BB - TU Braunschweig, Germany 11:40-11:55 Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 Lunch Break 12:55-13:40 @ Hotel Restaurants Aftermoon Sessions Circularity in Action Moderator 13:40-14:00 Fuel Cells Menendez, Race to Zero Waste, Spain Individual Service Servic		Day 1
08:00-08:30 Registrations Room 1 08:30-09:25 Distribution of Badges Reynote Forum 09:35-09:30 Introduction 09:30-09:55 Sustainable Global Circular Economy for Neoprene Waste Peter Palmer, Circular Flow, U.K 10:00-10:25 Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, U.K Coffee Break 10:30-10:50 @ Foyer Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, 188 - TU Braunschweig, Germany 11:40-11:55 Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:30-12:20 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator 13:40-14:00 Fuel Cells Mendil-Jakani, SyvMMES laboratory, France 14:05-14:25 How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia 14:30-14:30 Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator 16:10-16:30 better sustainability in Comprove hospitals Francesco Crottl, Clsa Production srt, Italy 10:35-16:35 Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive, Spain 17:25-17:45 Juha Koko, Forturn Battery Recycling Oyj, Finland Panel Discussion		29-Oct-24
08:30-09:25 Distribution of Badges Keynote Forum 09:30-09:55 Peter Palmer, Circular Flow, UK 10:00-10:25 Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Morning Session: Recycling – Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Linig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Aftermoon Sessions Circularity in Action Moderator 13:40-14:00 Moderator 14:05-14:25 How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote Circularity in Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 14:53-15:15 Landing Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Sessions: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in homorrow's hospitals Francesco Crott, Cisa Production std, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitach Energy Poland, Poland Title: Francesco Crott, Cisa Production std, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitach Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Poland Sturiolo, Aqua Positive, Spain 17:25-17:45 Juha K	00.00 00.20	
09:35-09:30 Introduction 09:30-09:55 Sustainable Global Circular Economy for Neoprene Waste Peter Palmer, Circular Flowr, UK 10:00-10:25 Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Morning Session: Recycling – Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, 188 – TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 11:40-11:55 Building Momentum for Reuse Daniel Jan Section Circularity in Action Moderator Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in Developing Country Ricardo Estrada, 15EG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crott, Cisa Production srd, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: Fom Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain Pet Battery Recycling In Europe, for Europe Juha Kokko,	08:00-08:50	
Neynote Forum 09:30-09:55	08:30-09:25	
09:25-09:30 Introduction 09:30-09:55 Sustainable Global Circular Economy for Neoprene Waste Peter Palmer, Circular Flow, UK 10:00-10:25 Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 © Foyer Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 11:40-11:55 Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Clsa Production srl, Italy Towards improved sustainability in tomorrow's hospitals Francesco Crotti, Clsa Production srl, Italy Towards improved sustainability of hijh wortage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain Understanding Planting	00:00 03:23	<u> </u>
10:30-19:35 Peter Palmer, Circular Flow, UK Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso. Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crott, Cisa Production srf, Italy Towards improved sustainability in tomorrow's hospitals Francesco Crott, Cisa Production srf, Italy Towards improved sustainability of his voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Rechange: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland	09:25 -09:30	
Peter Palmer, Circular Flow, UK Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Morning Session: Recycling – Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, IBB – TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Init Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voitage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland	00.20 00.55	Sustainable Global Circular Economy for Neoprene Waste
Vivek Tandon, Revalyu Resources, GmBH, UK Coffee Break 10:30-10:50 @ Foyer Moderator 10:50-11:05 RECYcling – Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany 11:40-11:55 Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Indicating the System of System	09:30-09:55	Peter Palmer, Circular Flow, UK
Coffee Break 10:30-10:50 @ Foyer Morning Session: Recycling — Reduce, Reuse, and Recovery Moderator 10:50-11:05 Drige Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 11:40-11:55 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling 14:55-15:15 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production styl, Italy 16:35-16:55 Towards Improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland Panel Discussion	10.00-10.25	Revolutionary technology to recycle PET plastic using glycolysis Session Plastic Recycling
Morning Session: Recycling — Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB — TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fulcells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion	10.00-10.23	Vivek Tandon, Revalyu Resources, GmBH, UK
Morning Session: Recycling — Reduce, Reuse, and Recovery Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB — TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fulcells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion Panel Discussion		
Moderator 10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying Optimization Potentials Jan Niklas Lünig, IBB — TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France 14:05-14:25 How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain 17:25-17:45 Panel Discussion	Maurius Cassian, Da	- ,
10:50-11:05 REGEN Project: Recycling High-Performance Materials for Sustainable Defence Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector – Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France 14:05-14:25 How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia 14:30-14:50 Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainabile Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland Panel Discussion		cycling – Reduce, Reuse, and Recovery
10:50-11:05 Jorge Felipe Espeso, Spain Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water 17:00-17:20 Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland	Moderator	REGEN Project: Recycling High-Performance Materials for Sustainable Defence
Packaging Waste in the Construction Sector — Quantifying Environmental Impacts and Identifying 11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling 14:55-15:15 and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator 16:10-16:30 better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Tom Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water 17:00-17:20 Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:25-18:10 Panel Discussion	10:50-11:05	
11:15-11:30 Optimization Potentials Jan Niklas Lünig, IBB - TU Braunschweig, Germany Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling 14:55-15:15 and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:50-18:10 Panel Discussion		
11:40-11:55 Building Momentum for Reuse Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:50-18:10 Panel Discussion	11:15-11:30	
12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane 13:40-14:00 Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyl, Finland 17:50-18:10 Panel Discussion		Jan Niklas Lünig, IBB - TU Braunschweig, Germany
Daniella Menendez, Race to Zero Waste, Spain 12:05-12:20 12:30-12:50 Panel Discussion Lunch Break 12:55-13:40 @ Hotel Restaurants Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane 13:40-14:00 Fuel Cells	11.40 11.55	Building Momentum for Reuse
Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:50-18:10 Panel Discussion	11:40-11:55	Daniella Menendez, Race to Zero Waste, Spain
Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:50-18:10 Panel Discussion	12:05-12:20	
Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane 13:40-14:00 Fuel Cells Mendil-Jakani, SyMMES laboratory, France 14:05-14:25 How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy Towards improved sustainability of high voltage electrical insulation Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water 17:00-17:20 Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland 17:50-18:10 Panel Discussion		
Afternoon Session: Circularity in Action Moderator Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane 13:40-14:00 Fuel Cells Mendil-Jakani, SyMMES laboratory, France How to brands PREP their packaging for the recyclers Anthony Peyton, PREP Design Pty Ltd, Australia Promote circularity in a Developing Country Ricardo Estrada, ISEG U Lisbon, USA Enabling Circular Solutions through Sustainability Certification: The Role of ISCC PLUS in Recycling and Reuse Carlos Mérida, ISCC System GmbH, Germany 15:25-15:45 Panel Discussion Coffee Break 15:45-16:05 @ Foyer Evening Session: Energy from Waste Sustainable Recycling Moderator Title: Medical Waste Treatment: An integrated plug & play on-site sterilization system to improve better sustainability in tomorrow's hospitals Francesco Crotti, Cisa Production srl, Italy 16:35-16:55 Robert Platek, Hitachi Energy Poland, Poland Title: From Reuse to Recharge: Wastewater as a Strategic Enabler of Water Stewardship and Water Positive Goals Alejandro Sturniolo, Aqua Positive, Spain EV Battery Recycling in Europe, for Europe Juha Kokko, Fortum Battery Recycling Oyj, Finland Panel Discussion	12:30-12:50	
Ionic Liquids: A Novel Route for Sustainable Recycling of Nafion in Proton Exchange Membrane 13:40-14:00 Fuel Cells	Afternoon Session: C

18:10 Fnd of Day		
10.10 Elia of Day	18:10	End of Day

	Day 2
08:30-09:00	30-Oct-24 Registrations & Distribution of Badges
00.30-03.00	Room 1
Moderator	
	Keynote Forum
09:00-09:25	FAIR 4 Sustainability
	Gunnar Schomaker, Universität Paderborn, Germany Title: Sustainable production of waste wood
09:30-09:55	Victor van den Heuvel, Green Eco Furnace, Netherlands
	Recycling possibilities of polymeric blends with GTR particles and applications
10:00-10:25	Marc Marín-Genesca, Universitat Rovira i Virgili, Spain
Mayring Cossien	Coffee Break 10:30-10:50 @ Foyer
Morning Session Moderator	Revolutionizing Plastic Recycling Textile Reuse and Recycling
	Revolutionizing Plastic Recycling: Market and Operational Strategies for Recycled Plastics
10:50-11:10	Margaux Bares, Veolia, France
	Title: Bridging the Gap Between Waste and Petrochemicals: Defossilization Through Advanced
11:15-11:35	Plastic Waste Conversion
	Joeri Dieltjens, Sulzer, Belgium
11:40-12:00	EPR in Action: Unlocking Circularity in the EU Textile Sector Tom Voege, GRS Service, Belgium
	Study of the influence of the dye structure in cotton fabric decolorization
12:05-12:25	Óscar Martínez Rico, Universidad de Vigo, Spain
12:30-12:50	Panel Discussion
10 A 1	Lunch Break 12:55-13:40 @ Hotel Restaurants
Afternoon Session: Moderator	Digital Recycling Revolution
	Make to Inspire – The Circular Way
13:40-14:00	Maurizio Rigolio, MAIRE, Italy
14:05-14:25	Scaling the industry
14.03-14.23	Xandra Weinbeck, Invest-NL, Netherlands
14.20 14.50	Blockchain-based verification and traceability of plastic recovery and recycling to ensure
14:30-14:50	transparency and sustainability compliance André Vanyi-Robin, Plastiks, Spain
	Making E-Waste Work: Circular business models in practice
14:55-15:15	Arjun Srihari, S2S Dynamics, Germany
15:25-15:45	Panel Discussion
	Coffee Break 15:45-16:05 @ Foyer
Evening Session: Rec Moderator	cycling Science & Engineering
Moderator	Title: Recycling of polyamides: Valorization of Nylon wastes
16:10-16:30	Simone Tirelli, Faerch Italy S.r.l., Italy
16.25 16.55	Repairing and restoring recycled plastics using reactive masterbatches
16:35-16:55	Christer Svanberg, Nexam Chemicals, Sweden
17:00-17:20	Title: Assessing the Mechanical Recycling of Biodegradable Polyolefins
	Giovanni Santagiuliana, Polymateria Ltd, UK
17:25-17:45	
17:50-18:10	Panel Discussion
18:10-19:00	Poster Presentations @ Foyer
19:00	End of Day
